SENIOR PORTRAIT TIPS

Lots of options Bring several outfits to your photo session in a variety of colors, not just your favorite. Include different styles, such as casual, semiformal, formal or outdoors, so you can take several pictures and get your best shots. Remember to bring accessories for all outfits, from footwear to jewelry and hair accents.

Keep your clothing visually simple Don't bring outfits with words or designs, stripes or pictures, except possibly your school logo. You want your face, eyes and expression to bring attention, not the words on your shirt.

Give consideration to color Solid colors are recommended for most or all outfits. Try not to wear flesh-tone or neutral colors such as white, beige, tan, pale peach/pink, or gray, as these can dominate the picture and make you look washed out. For outside pictures, we recommend spring and summer colors of sky blue, pale green, watermelon and dark peach to complement the outdoor setting. For fall, consider wearing red, gold, deep orange, emerald green and dark green.

Apply makeup normally It's tempting to get very "glam" when having pictures taken, but this could very well make you look like a stranger in your senior portrait. Apply your makeup as you look on a day-to-day basis. Makeup should be applied before you arrive at your session, but bring your makeup for touchups.

Personalize your photos with props Bring your favorite props to the shoot, such as sports equipment if you are a team player or fan, musical instruments, or hobby items. You can even bring a favorite portable piece of furniture, such as a lightweight chair or stool. (We have standard props too, just bring things that are special to you and you'd specifically want to see in a portrait.) You can even bring your pet to appear in some of the shots with you.

Bring someone with you We welcome you to bring a friend and/or parent if that person can help make you relax and take a natural picture. That person can also help with clothing changes and "double check" you while you're being photographed to make sure your clothing hasn't taken a turn for the worse or that your hair hasn't
